

## PAMOJA\* - CALL FOR MENTORS

BE AN INSPIRATION FOR THE NEXT GENERATION  
AND PASS YOUR EXPERIENCES ONWARD

- A GOAL Mentoring project -

### About Pamoja

The long awaited mentoring project is finally here. The GOAL e.V. mentoring network is an initiative to use the available resources and the potential of our vibrant and widespread association at the best, to extend it and to make it useful in a sustainable manner. Our objective is to bring members of GOAL e.V. into a deeper dialogue with young high school and university students in Africa and Germany. Beside exchange of experience on policy issues regarding the African and European continent, suggestions to educational and vocational opportunities will be topics in our mentor-mentee-teams. Members of GOAL e.V. have a wide range of expertise not only in transnational German-African relations but also in all kinds of academic and professional fields. These experiences are valuable for all students who wish to add to their studies, a cross-cultural perspective.

GOAL e.V. is therefore committed to building & maintaining a culturally diverse pool of mentors with various backgrounds, experiences, talents and interests that are reflective of the students to be served.

\* Pamoja is the Swahili translation of the word together.

### Why become a Mentor

It's not all about saving the world or 'helping' the next generation. You'll be surprised by how much you get out of it, too. With everything you're doing and having little or no time - why should you make time to be a mentor?

- Strengthen the lessons you've already learned
- A unique opportunity to give back to society
- Help someone see his or her own gifts
- You may learn something new
- Finally, to contribute to the liveliness of GOAL

### How will it work

- Based upon the request of mentees and their areas of interests, we will match you with someone who can benefit from your expertise and experience
- You are free to decide if you have the time and want to meet with this mentee or not
- After you agree, it is encouraged that you meet with mentee (via internet or any other means you see fit) on a regular basis to establish a working relationship and to support mentee
- The length and duration of the mentor-mentee relationship is totally up to you!

### How can you volunteer to be a Mentor

It's very simple. Send an email to [mentoring@goal-association.org](mailto:mentoring@goal-association.org) specifying your fields of expertise

To learn more, go to [www.facebook.com/goalmentoring](http://www.facebook.com/goalmentoring)
